

# three men's morris game instructions

Find instructions at Life as MOM on how to create your own Three Men's Morris Game Board. You can choose from two styles of boards:

**Standard Board**

**More Complex Board**

## How to Play Three Men's Morris:

For 2 players

**Goal:** To be the first player to get all three pieces in a row.

**Directions:** Players take turns placing a game piece on an unoccupied space (as marked by the dots on the game board). Once each player has laid all of his pieces on the game board, players take turns by sliding a piece into an adjacent space along the line. The first player to get three pieces in a row is the winner.

Cut out these instructions and include them with your game board.
